**SAVING LIVES
IN LINCOLNSHIRE**

18 July 2017

Lincolnshire County Wheels
c/o Malcolm Brown

Dear Malcolm

Thank you so much for the generous donation of £200.00.

As you know, LIVES is a unique charity in the UK dedicated to supporting 700+ volunteers who give up their spare time to save lives across the county. Our First Responders helped more than 20,000 people across Lincolnshire in 2016, that's 55 people a day being helped by one of our volunteers. Our responders' actions literally save lives, delivering that vital immediate care in those critical first moments before handing over to the ambulance service.

We think our volunteers are heroes and are proud of what they achieve. Every year we need to raise £1 million to keep our volunteers on the road, to assist our neighbours in time of most need; that's around £54 per patient helped. Your support will go a very long way to save more lives in Lincolnshire.

Thank you once again for your invaluable support.

Nikki Silver
Chief Executive

PS – we'd love to be able to keep in touch with you to let you know how your support is making a difference to people in Lincolnshire. To do this though we need your written permission so please email us or go to www.lives.org.uk/news-events to subscribe to our newsletter.
